

### Garden watch

Sit in the garden (if it's nice) or look out your window for 15-20 minutes and watch for different wildlife that passes through your garden. Try to keep a note of the different types that you see. You can photograph, sketch or use the tally graph below to help you note how many you see.

<b>Type of creature</b>	<b>Tally</b>	<b>Total</b>
<b>Bird</b>		
<b>Butterfly</b>		
<b>Bee</b>		
<b>Fly</b>		
<b>Spider / insects</b>		
<b>Cat</b>		

Here are the tally marks for 1 to 4:

tally 1 – I  
Tally 2 – II  
Tally 3 – III  
Tally 4 – IIII

BUT the 5th mark is  
drawn ACROSS the previous 4 marks:  
tally 5- ~~IIII~~
