

Week starting 27/4/2020

Class Enterprise

Hello everyone, hope we have had a lovely weekend.

Please do not feel pressured to complete all the tasks set because your job number one is to be happy, healthy and safe then worry about learning. I have three children under 6 and it is tough enough making it to bed time sometimes so if you feel over whelmed please STOP, this is to help not hinder.

Literacy/ Art: Time capsule.

Keeping a record of what has happened (history) can be an interesting thing to do so you can look back on your time in lockdown. Normally there would be three topic areas covered a week but art work can be covered in the time capsule work book as it's quite a big task. Keep photos of what you are up to with dates and we can add this in later as there are more pages/sections to follow.

Numeracy: Money

Money is important and when we get out of lockdown we may wish to buy something so we will try to sharpen up our counting of money. There are some paper exercises on the page, some online games and songs below but nothing beats playing with money / shops / cafés even outside. Start with recognising the coins. Sorting in value order. Buy individual things for 1, 2 or 5p. then buy multiple things and add  $1p + 5p = 6p$  so on and see how far you can go.

Below are some useful links to games and songs on our maths topic.

Some Money games:
