

Week 3:

Hello again every one. Hopefully everyone is keeping well and busy. With any luck we will get back to normal sooner or later. It was nice to see Mrs Smith reading her story. Would you like to hear some more stories? Leave a message on our Facebook page or email the school with your ideas of which stories you would like to hear. Please send an email of what you have been up to, of any work we have managed to do so we can see you and give you some shout outs on our next videos.
westfield.sch@aberdeenshire.gov.uk

Numeracy: Time: Do not panic, there seems like a lot but watch the power points and find the appropriate stage work. There is no need to do all the sheets if they are too easy or hard - find something that suits.

Literacy: time capsule continued: Fill out some of the diary and write a little letter to your future self. If you have already started this in a different format just copy it across or wait and we can photo copy at school when we return.

Social science: make an actual time capsule and plant it in the garden somewhere.
