### Scorer of the Year!

This is the amount of goals that a footballer scores in one season.

- Round these scores to the nearest 10 goals:

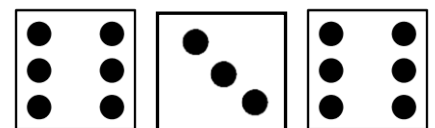

| Footballer        | Goals scored | Rounded to the nearest 10 |
|-------------------|--------------|---------------------------|
| Wayne Rooney      | 77           |                           |
| Frank Lampard     | 69           |                           |
| Emmanuel Adebayor | 54           |                           |
| Leon Best         | 43           |                           |
| Andrew Johnson    | 35           |                           |
| Daniel Sturridge  | 22           |                           |

This is the amount of skips 4H achieved in one minute during the sponsored skip.

- Round these scores to the nearest 100:

| Name     | Skips | Rounded to the nearest 100 |
|----------|-------|----------------------------|
| Kayleigh | 482   |                            |
| Hannah   | 411   |                            |
| Aimee    | 328   |                            |
| Maisey   | 249   |                            |
| Rose     | 117   |                            |
| Laura    | 50    |                            |

Now try this:

Roll the three dice and make a two digit number

For example: 636.

Round the number to the nearest 100 and repeat.
