

## Class Atlantis are learning colour names.

This week, we are re-visiting **blue**. This is the sign for blue:

1. Either a) collect together some blue items from around the house. Introduce them one at a time, and each time, say the word “**blue**” and sign the word. Encourage your child to join in by supporting them to sign or to say “blue” as they handle each of the objects. Or b) Introduce one blue item to your child, then look for other blue items together around the house.
2. Make a blue sensory tray- you can use blue food-colouring to colour water or ice-cubes, or add the food-colouring to other sensory media such as shaving foam, gloop etc
3. Baking idea:  
Use blueberries to make a smoothie or muffins- we have used frozen blueberries in class and they worked well.
4. On your daily walk, point out blue cars, doors, and anything else blue that you notice (hopefully blue sky too!)

### Recipe for Blueberry Smoothie

- 1 cup of blueberries
- 250g yoghurt
- $\frac{3}{4}$  cup milk
- 2 tablespoons of sugar
- $\frac{1}{2}$  teaspoon vanilla essence

Blend all the ingredients together.  
Serve immediately and enjoy!
